Dear Ophir

On behalf of Great Grand Nachas & More group, Milton Pfeiffer – president and myself I would like to express our deep gratitude and appreciation for a wonderful tour you organized for our group in Quito and the Galapagos Islands Last November.

You took care of all our kashrut needs, including preparing kosher kitchens, kosher food of high quality and accommodating all of our needs in a most beneficial and welcoming manner.

We also appreciate your great efforts and the friendliness everything was done on your side, which is not less important. We all had the feeling that there is someone who cares and worries about every detail, from arranging vans for our tours, excellent guides, full touring program, full Shabbat service to early comers up to having a rich and a 5 star service and meal standards in the islands.

Thank you so much for everything. We'll sure use your services in the future and recommend your company to everyone.

Best regards and a lot of success
